### Standard Equipment

- Load backrest
- Duplex masts (full free lift) from 3,165 mm to 4,765 mm lift
- Further seats with additional comfort and adjustments
- Wiper-washers for front, rear and roof screens
- Overhead guard can be upgraded to full cabin with roof, front
- Optional Equipment
  - High safety and stability ensured by Linde ProtectorFrame
  - Hydraulic suspended comfort-class seat with extensive range
  - Linde twin drive pedals to control forward/reverse travel and
  - Standard Equipment/Optional Equipment
  - Other options available on request
  - Custom paintwork
  - Linde Forklift Data Management
  - CNG (natural gas) version
  - Mirrors
    - Audible reversing alarm, flasher and strobe beacons
    - Truck lighting, working lamps
  - Handhold for safe access at A-pillar
  - New development timing belt protection
  - Curve Assist for automatic speed adaption
  - New seat/armrest generation for outstanding ergonomics
  - Variable displacement pump for best energy consumption
  - LPG volumetric fuel tank version with fuel level indicator at
    - for exchange bottles

### Features

- Engine rpm is automatically synchronized
- Precise and effortless fingertip control
- Engine load control
- Linde Load Control
- Electrically controlled by Linde Load Control
- For mast functions and additional
- The Linde pump only provides the
- For mast functions and additional
- The Linde pump only provides the
- Full load capacity available up to
- Excellent residual capacities
- Electronic cushioning of end travel for
- Electronic control of tilt angle
- Maintenance-free resilient rubber
- Excellent visibility of load and surroundings
- Operate the truck with minimized effort and
- Less fuel consumption
- The Linde pump only provides the
- Full load capacity available up to
- Excellent residual capacities
- The Linde pump only provides the
- Variable displacement pump
- Linde Load Control
- Electrically controlled by Linde Load Control
- For mast functions and additional
- Engine rpm is automatically synchronized
- Precise and effortless fingertip control
- Engine load control
- Linde Load Control
